

Organised by the University of Hong Kong:

Bilingual for All

*Free-of-charge Online Chinese and English lessons
For Secondary 4 - 5 Students*

INTRODUCTION

Organised by the University of Hong Kong:

Bilingual for All

Bilingual for all is organised by Admissions Office, Registry, The University of Hong Kong after the great success of **#TeachforGood** last summer. The programme aims to support Secondary 4 and 5 students, who are adversely impacted by the months-long school suspension, through a series of Chinese and English online classes, in hope of improving their language proficiency.

A team of HKU experienced students from Faculty of Education have designed a series of online classes from early-May to the mid of June for students to help supplement their knowledge of Chinese Language and English Language.

Students can refer to the booklet for further details such as curriculum and teaching schedule. If students are interested in enrolling into any classes, they should fill in the google form. A confirmation email with the link of their selected lesson(s) will be sent one day before it is conducted.

CHINESE
